## APPLICATION FOR PATIENT ASSISTANCE

**Please Print Application Legibly**

CARE's focus is to provide assistance to cancer patients and their families to help them cope with their cancer treatment by assisting them with non-medical expenses/basic living needs expenses while they are in active treatment for any type of cancer. We realize this is a very difficult time and we hope to do everything possible to make this process go smoothly for cancer patients and their families. This financial assistance is for a person **recently diagnosed with cancer, within one year of application date or within one year of current active treatment**. Active treatment usually may involve surgery and/or chemotherapy and/or radiation, which **typically** will consist of **one month to up to 12 months** of active treatment. This is the active period our Care and Support Program may assist cancer patients and their families with financial assistance up to the cap amount/case by case basis.

This application is your request to Cancer Aid Resource & Education, Inc. (CARE) to consider financial assistance to any services CARE provides to cancer patients, children and adults, who are receiving treatment for any type of cancer and who reside in Doña Ana County. Unfortunately, submitting an application does not guarantee funds will be available or that the application will be approved. Funds are limited and based on eligibility and availability. Applications are valid for up to one calendar year, January through December, of the year of the application's submission. If a patient is receiving treatment beyond the current submission year, the patient will need to submit a new application in the new calendar year if he/she is still in active treatment. Thus, you may be eligible for financial assistance within a two year period, which represents the duration you may be eligible to receive financial assistance from CARE: 2 year application cycles, which is a 2 year maximum limit. Post treatment follow-up care/follow-up scans, prescribing drugs for maintenance/management/relief of symptoms, indefinite treatment for years beyond the initial diagnosis, a check-up or testing for cancer are not eligible for financial assistance. **We are unable to process incomplete applications.** Upon completion of the application, including requested documents, contact CARE at 575-649-0598 to set up an appointment for submission of the application.

### Who is Eligible?

In order to be eligible for financial assistance you must:

1. Be a resident of Doña Ana County and provide proof of residency and copy of your I.D.
2. Be recently diagnosed with cancer (within one year) as certified by an oncology physician and provide pathology report.
3. Currently in **active treatment** (receiving chemotherapy, radiation, surgery, or bone marrow/stem cell transplant) for any type of cancer.
4. A child/minor up to the age of 17 who resides in Doña Ana County and is receiving treatment for any type of cancer automatically qualifies for financial assistance.
5. Other Eligibility: If CARE's client dies from cancer, emergency funeral expense assistance may be provided.
6. Meet our financial eligibility guidelines, including income of up to 400% of the Federal Poverty Limits and provide proof of income and bank statements. This application must be completed and all requested documents submitted prior to approval.

**Who is not Eligible?** If you were diagnosed beyond one year ago and if you are a patient who is receiving: follow-up care/follow-up scans, prescribed drugs for maintenance/management/relief of symptoms, indefinite treatment for years beyond the initial diagnosis, a check-up or testing for cancer, this is not considered active treatment for consideration to our program.

Thus, this does not meet eligibility for our program.

## APPLICATION FOR PATIENT ASSISTANCE

**CERTIFIED MEDICAL INFORMATION**  
**MUST BE COMPLETED BY ONCOLOGY PHYSICIAN**

Your patient has applied for financial assistance to Cancer Aid Resource & Education, Inc. (CARE). CARE will provide financial assistance based on eligibility and funds availability. Cancer patients' eligibility is based on their being in **active treatment** (chemotherapy, radiation, surgery, or bone marrow/stem cell transplant) for any type of cancer. The goal is to assist newly diagnosed cancer patients for the typical surgery time or up to 12 months time of treatment for chemotherapy and/or radiation so that financial stressors are reduced and they concentrate on treatment and recovery.

CARE's financial assistance is for non-medical expenses/basic living needs expenses. Your patient will complete a **Client Request for Financial Assistance Form** each time he/she submits a request to CARE for financial assistance. Your patient will request that you sign this form each time to verify that he/she is in active treatment as noted above.

**PLEASE NOTE: Who is not Eligible?** If you are providing treatment to a patient who is receiving: follow-up care/follow-up scans, prescribing drugs for maintenance/management/relief of symptoms, indefinite treatment for years beyond the initial diagnosis, a check-up or testing for cancer, this is not considered active treatment for consideration to our program. Thus, this does not meet eligibility for our program and checking "No" for active treatment applies.
